

## General information

**Organisation name :** *Intento Design*  
**Contact name :** *Ramy ISKANDER, CEO*  
**Email address :** *ramy.iskander@intento-design.com*  
**Telephone number :** *+33 6 95 25 15 09*

## Targetted topics:

- **HORIZON-CL4-2021-DATA-01-0X**
- **HORIZON-CL4-2021-DIGITAL-EMERGING-01-0X**

# Competencies

## 1. Short presentation of the organisation activities

- a. Intento Design is a french electronic design software provider for analog integrated circuits
- b. Intento Design boosts existing analog design flows to assure that products are developed faster and with no errors.

## 2. The skills the organisation bring to the projects

- a. Intento Design brings a new AI-based software to develop chips faster, with no errors and secure early market access.
- b. Intento Design success stories showed that productivity gain reached 60% of design time and cost.

# Project idea

## 1. Describe your project idea

- a. Acceleration of design and technology migration of electronic chips
- b. Automation of the design flow from initial chip architecture down to full mask generation with no human in the loop

## 2. Complementary skills you need to your consortium

- a. Early adopters of new innovation electronic design automation technologies
- b. Experts in chip design and design flows for BULK CMOS, SOI, FDSOI, FinFET, LDMOS and BCD technologies
