Competencies

1. Short presentation of the organisation activities

- a. We create multilingual educational contents, which « break the wall of words » and that of the local language
- b. Using the Ludo & Vic Avatars who were designed specifically to NOT stigmatize any population, and to promote gender equality.
Ludo & Vic appear in short 3D animations which contextualize the elements of the concept to be explained

2. The skills the organisation bring to the projects

- a. Multilingualism, multi-culturalism
- b. Artificial Intelligence / Emotional Interactive Conversational Agents

Cette planche est utile seulement si vous avez une idée de projet

Project idea

1. Describe your project idea : **BasicFrançais in eXtended Reality**
