

WOMEN2INVEST

Women2Invest is an access and training programme aimed at helping women coming from STEAM fields and no/little knowledge of investment become familiar with the fundamentals of venture capital. The program includes a combination of lectures, practitioners experience, simulation of investment processes and group work.

The programme will open to women candidates in May

Who can apply

- Women with STEAM university studies.
- With genuine interest in the venture capital industry / investment in startups.
- All participants must hold an EU passport.

Investors signup process

- Express interest to offer an internship during the application period.
- Complete a brief questionnaire on fund.
- Sign internship agreement.

Participant – fund matching

- Best fit analysis by EIT WELP staff and collaborators: based on VC/CVC/CVU sector of investment in relation to candidates studies, language requests, areas of interest, convenience of geography.
- EIT WELP proposes 3 to 5 candidates for an internship to each fund.
- Funds review candidates CVs and engage with them in an interview for final decision and internship offer.

Financial Support

The investors involved in this program will not receive financial support and are expected to cover the costs of the internship to be offered to candidates selected.
