

Terms and Conditions of the EIT Digital Challenge 2022

1. Scope

EIT Digital IVZW and EIT Digital Accelerator IVZW (hereinafter "EIT Digital") organize the EIT Digital Challenge, a pan-European innovation contest in five thematic areas aiming to reach out, identify and support the best European digital technology scaleups, that are focused on fast growth of their business in Europe and worldwide. Participants are invited to submit a short outline of their business to be evaluated by experts from EIT Digital, including the Innovation Leaders, Business Developers and Access to Finance specialists. Based on the evaluation, twenty companies shall be invited to pitch their business in front of a jury, comprised of the experts from EIT Digital, as well as external business representatives and investors, which shall then select the best five companies.

The five selected companies each gain 12 months of dedicated support services in international Access to Finance and Business Development Support by the EIT Digital Accelerator team worth €50,000. They will get coached for investors readiness followed by introductions to international investors. They will also get market readiness coaching and go-to-market strategic support. When possible, they will also receive introductions to international prospects.

In addition to this growth package, the winners will gain access to EIT Digital's pan-European innovation network with 350+ partners and will enjoy greater international visibility by means of EIT Digital's network channels.

EIT Digital Accelerator IVZW is responsible for the central coordination of the contest in coordinating the application and evaluation process. This responsibility may be transferred to another EIT Digital IVZW KIC Partner or affiliate.

2. Categories

The EIT Digital Challenge seeks scaleups in the realm of Digital Technologies. Submissions need to fit one of the following thematic areas:

- Digital Industry
- Digital Cities
- Digital Wellbeing
- Digital Tech
- Digital Finance

3. Timeline

Submissions will be accepted from June 30th, 2022, 14:00 CEST until September 19th, 2022, 23:59 CEST. The submissions must be finally submitted through the online submission tool before the above-mentioned deadline to be accepted for the contest. The Organizers might change the submission timeline at their discretion, the change in application timeline will be duly communicated.

The *Challenge Final* event will take place in autumn 2022. The exact date will be announced on the contest website: <https://www.eitdigital.eu/challenge>. It is the participants' responsibility to keep track of announcements and information on the website. All finalists will also receive an email with the detailed timing of the *Challenge Final* prior to the event.

4. Requirements for entry

The EIT Digital Challenge invites digital scaleups in Europe that are focused on fast growth of their business both in Europe and worldwide, to submit an outline of their innovative product or service. The scaleups must be legally incorporated in a member country of the European Union (EU 27) or in a Horizon Europe country in order to be eligible. Full list at link below.

<https://www.eitdigital.eu/fileadmin/2022/challenge/EIT-Digital-Challenge-eligible-countries-2022.pdf>

In addition, the scaleups must meet the following criteria:

- must have an innovative digital product or service fitting one of the five thematic areas
- must be less than 10 years old (incorporated after 01/01/2012)
- must be at the growth stage and ready to scale internationally, to be proven by meeting one of the following criteria:
 - minimum revenue of €300,000 in 2021, **or**
 - minimum revenue of €300,000 in 2022 until June 30th, **or**
 - minimum €2,000,000 of total funding.

Scaleups that have already received long-lasting financial support from EIT Digital (more than 3 months) are excluded from participating. Exempt from this restriction are one-time grants, e.g., travel grants to visit conferences or events. Scaleups that have signed the term sheet of the EIT Digital Accelerator are in any case excluded from participating.

Scaleups can specify during the application only one thematic area, the organizer will reserve the right to assign the application to a different category if the reviewers see a better fit with a different thematic area. In case of multiple entries by the same scaleup, only the last completed application will be considered.

Contest language is English, i.e., all submission material must be submitted in English and the scaleup must pitch in English at the final event.

5. Evaluation and selection process

The evaluation and selection process of the EIT Digital Challenge is designed to create an open, accountable, multi-step selection process based solely on the merit of the submitted products or services. All submissions shall receive the same opportunity. No quotas shall be established.

Each eligible submitted application shall be evaluated by experts from EIT Digital, nominated by the organizer. The main selection criteria are the demonstration of an innovative product or service which in the view of the evaluators holds the most promise to be successful on an international

scale and a good fit with the thematic areas and the services provided by the EIT Digital Accelerator, which are described here: <https://www.eitdigital.eu/challenge/thematic-areas>.

6. Final Event

The finalists shall be invited to pitch their business in front of a jury at the final event. The jury is comprised of a panel of experts from EIT Digital, as well as external business representatives and investors invited by the organizer.

At the conclusion of the pitches the jury shall convene and decide on the winning scaleups. The winners shall be announced during the event award ceremony. In case of physical event eligible finalists will receive €1,000 as contribution to the travel costs for their participation in the final.

Attendance of the final event is required to be eligible for the prizes and no additional costs shall be covered by the organizers.

The €1,000 contribution to the travel costs shall be issued before December 31st, 2022.

7. Prizes

The five selected companies each gain 12 months of dedicated support services in international Access to Finance and Business Development by the EIT Digital Accelerator team worth €50,000, subject to the entering into a specific agreement, as further described herein.

In addition to this growth package, the winners will gain access to EIT Digital's pan-European innovation network with 350+ partners and will enjoy international publicity and greater visibility by means of EIT Digital's network channels.

To benefit from the 12 months of Access to Finance and Business Development services worth €50,000, each winning company will have to sign the Scaleup Support Agreement of the EIT Digital Accelerator with EIT Digital Accelerator IVZW or its assignee, clarifying the support provided within the next 12 months. The support can be for Access to Finance or for both (Access to Finance and Business Development). The "Program Fee" of €50,000 for the acceleration services will be waived as part of the prize package, however the success fees for commercial deals and investments remain in place.

EIT Digital retains the opportunity to partner with corporates that would like to sponsor additional prizes in the form of, but not limited to, waived program fees.

8. Intellectual Property and Publication Rights

Participants retain full and exclusive ownership of their prior information and intellectual property rights. By submitting their application participants warrant that they hold ownership or have legally secured the right to use all elements of the innovative product or service. Participants shall indemnify and hold harmless the EIT Digital Accelerator IVZW and/or EIT Digital IVZW, or any assignee or affiliate for any allegations or claims by third parties of infringement of intellectual property rights by the product or service of participants.

Participants shall have the right to further develop, use and license their intellectual property rights

for creating, making, marketing, and distributing products, services and technology.

By submitting their application forms, the winners and finalists agree to the possible inclusion of their product or service in any media coverage by EIT Digital and its partners, such as press releases or publications. Also, all winners and finalists agree that their personal data, such as their names and affiliations, pictures, videos and sounds may be used and processed for such purposes by EIT Digital and its partners.

9. Data protection

The sole purpose of the collection of data is to verify the eligibility of the submitted products or services and to identify the best scaleups. Only for the purposes of the execution of the competition participants will provide name, postal address, email address and telephone number ("personal data"). EIT Digital will process the submitted material according to the European General Data Protection Regulation (GDPR).

Participants have the possibility to indicate that EIT Digital may grant access to parts of the submission to trusted investors and partners.
