DN 2024 – quelques tendances

- ❖ **Une baisse des propositions retenues DN-JD et DN-ID**(10.7% de la liste principale) comparé à DN 2023 et 2022 (11,7% et 17.4%)
 - ❖ **Baisse d'intérêt pour les IDs/JDs?**
 - Montages plus complexes et plus de contraintes pour les IDs, en comparaison avec standard DNs (malgré la simplification en 2022)
 - Diplômes conjoints/doubles : un processus long et complexe
- **Besoin de plus de promotion pour l'appel DN 2025 !**
