MSCA Staff Exchanges (SE)

Research and innovation projects through mobility - MSCA Staff Exchanges

bit.ly/MSCASE

LAC countries non automatically eligible to funding

In the case of institutions from **Bahamas, Barbados, Brazil, Chile, Mexico**, Panama, Trinidad and Tobago and Uruguay, they are eligible to participate in MSCA SE projects or bring their co-funding. They still host visiting researchers from Europe at no cost.

Legal entities established in countries not listed in the Programme Guide will be eligible for funding if their participation is considered by the granting authority.

Special information for Brazil

Please note: In 2026, Brazil (CONFAP) re-launched a call associated with the MSCA Staff Exchanges. Participating institutions from Brazil should consult their respective State Research Support Foundation (FAP) to check their eligibility.

More at https://bit.ly/MSCASE_CONFAP

The 2026 call is now OPEN until 16 April 2026.

The call selects international consortia of universities, research institutions, businesses, SMEs and other non-academic organisations to exchange their staff for up to 12 months. LAC institutions are eligible to join any consortium to submit a proposal.
